Preface

This is a "Workbook." At the left of each page are some ideas and suggestions that are advanced for study and discussion purposes. At the right, a blank space is left for the purpose of recording notes, suggesting changes, improvement, and/or re-statement of the ideas found at the left.

How to Use It

- Step 1. Study the "status quo" of school plants
 - a. Percentage of children for which provided
 - b. Crowding
 - c. General Health conditions
 - d. Curriculum
 - e. Kinds of schools possible under present conditions
 - f. Kinds of schools possible under foreseeable future conditions
- Step 2. Study plant possibilities in terms of findings of Step 1
- Step 3. Study possibilities of adopting and adapting standards herein contained
- Step 4. Make recommendations on basis of Steps 1, 2, and 3.
