CONTENTS

INTRODUCTION	1	Acoustics 30
PART I. PLANNING THE SCHOOL	1	General observations 30
THE PREPARATION OF A PLAN	2	Planning and general criteria in respect of
The Site	2	grades rooms 31
Soil survey	2	(a) Maintenance 32
Accommodation required	2	(b) Storage alcove 32
Preparation of analytical sketch plans	2	(c) Tollets 35
Criticism of plans	5	(d) Chalkboards 35
Final sketch plan	7	(e) Fixtures 35
Zoning of the building	9	Planning and general criteria in respect of
Technical considerations	9	classrooms, Standards I to V 36
DETAILS OF PLANNING	11	(a) Class organisation 36
The plan as related to the occupants	11	(b) Chalkboards 36
The plan and the teachers	14	(c) Coat hooks 36
The plan and visitors to the school	16	(d) Classroom storage 36
The hall	17	(c) Wall surfaces 37
PREPARATION OF WORKING DRAWINGS	18	Observations in respect of the remainder of
Submission of sketch plan	18	the school building 37
Liaison with consultants	18	(a) The administration block 37
Structural solution to roofing and floor slab	19	(b) The hall 37
Physical considerations of the indoor environ-		Landscaping and development of playing fields 37
ment	20	Traffic and approaches to the school 38
Sewage disposal	20	CASE FOR AN ESTATES OR BUILDINGS
Thermal performance	20	OFFICER 38
Main sections through structure	20	COST STRUCTURE OF THE WATERKLOOF
Planning decisions	25	PRIMARY SCHOOL 39
Standards of artificial lighting	25	Cost analysis 39
Brick scale and datum	25	Cost of the recommendations contained in this
Conclusions in respect of working drawings	25	report 39
TENDERS AND BUILDING OPERATIONS	26	The value of cost analyses 40
The tenders	26	Technical decisions and costs 40
Liaison with Contractor	26	General cost considerations 41
Problems encountered (a) termites	28	CONCLUSIONS 41
(b) moisture penetration		The demand for space 42
to hall floor slab	28	Double-banked corridors 42
(c) thermal expansion	28	Additional space and accommodation 42
(d) structural problems	28	The cost analysis 42
Additions	28	Cost control 42
Final costs	29	General points 4
PART II. OBSERVATIONS IN SCHOOL BUILDING	29	Summary of recommendations 4
Types of observations	29	A. the grades rooms 4
Conditions of artificial and natural lighting	29e 19	54 B. the classrooms 4
Conditions of thermal insulation and ventilation	30	C. general recommendations 4

ANNEXURE A. COST ANALYSIS OF THE WATERKLOOF PRIMARY SCHOOL BY D. SAMSON ... 47
